

Caladiums

Caladiums are becoming the most popular of all foliage plants. They are marvelous for pots, window boxes, or outdoor beds. They revel in semi-shaded locations.

PINK CLOUD. This variety has received much acclaim. It has a profusion of large, crinkly leaves which open very wide to display their rich, vibrant colors.

Each 50c **3 for \$1.35** 10 for \$4.00

No other bulbs give such a variety of color for as long a time as Caladiums. All summer and fall, their magnificently colored leaves are produced in great profusion. Cut the leaves for attractive and unusual table decorations. They will last for weeks in water!

CANDIDUM. Popular white variety with green veins.

CRIMSON WAVE. Splashes of crimson on soft green.

MARY QUEEN OF SCOTS. Soft pink on green background, with red ribs and veins.

LARGE-FLOWERED

Gladiolus

DE LUXE MIXTURE

Our large-flowered Gladiolus mixture just can't be beat! Only the choicest varieties in a wide range of colors are used for this exceptionally fine blend. Plant freely at weekly or ten-day intervals for abundant flowers all summer long.

10 for 75c **100 for \$5.75** 25 for \$1.55

The following varieties are just about the most outstanding Gladiolus we have ever had the pleasure to offer. We know of no other Gladiolus which are so *extra fine* in rich, vibrant colors, and with such large florets on tall, upright stems. Gladiolus are among the easiest of bulbs to grow! Just plant in a sunny, well-drained location and with very little care they will last for years and years! Plant bulbs at weekly intervals from early spring until July for a succession of blooms all summer long.

American DAHLIAS

Dainty Small-Flowering Varieties

These charming Dahlias produce very compact plants, growing only a few feet high. The Pompons bear round, ball-type flowers, while the Miniatures have flowers similar in shape to the larger flowering Decorative types, but much smaller in size. Both the Pompons and Miniatures are becoming extremely popular because of their many uses. As cut flowers they are unsurpassed, for they are much easier to handle and are more practical for table decorations than the larger flowering varieties. In the garden, they are unexcelled as bedding plants, and are equally at home when planted freely throughout the flower borders or when used to line paths or driveways. The plants are always covered with an abundance of flowers all summer and fall until stopped by severe frost.
